To reduce risk of serious injury or death, follow these rules:

IMPORTANT SAFETY INSTRUCTIONS READ AND FOLLOW ALL INSTRUCTIONS

- READ THESE MATERIALS PRIOR TO ASSEMBLING AND USING THIS SLIDE
- DO NOT ALLOW MORE THAN ONE PERSON ON THE SLIDE AT ONE TIME!
- USE OF SLIDE BY MORE THAN ONE PERSON AT THE SAME TIME CAN RESULT IN SERIOUS INJURY!
- THIS PRODUCT IS NOT RECOMMENDED FOR CHILDREN UNDER THE AGE OF 6.
- DO NOT ATTEMPT OR ALLOW SOMERSAULTS. LANDING ON HEAD OR NECK CAN RESULT IN SERIOUS INJURY, PARALYSIS, OR DEATH

- Not a Lifesaving Device.
- Never Leave Children Unattended.
- Use Only Under Competent Supervision.
- Read the owner's manual before using your Sportsstuff product.
- This product may only be used by one person at a time.
- Do not jump or dive into the water from this product (doing so can be hazardous due to dangerous objects that can not be seen below the water surface).
- Children should use only under adult supervision.
- Do not use this product if it is damaged or leaking air.
- Do not use this product under the influence of drugs or alcohol.
- When using in water, use at appropriate depth and a safe distance away from boats and personal watercraft, docks, pilings, bridges, rocks, branches, and other hazardous objects.
- DO NOT DIVE HEAD FIRST DOWN THE SLIDE!
- Do not use without wetting the slide surface. Sliding on the slide surface when dry may cause burns to the skin.
- Do not use on pavement or any other hard surface.
- Do not use on any land surface other than a smooth area cleared of rocks, sticks and debris, with a soft area for landing off the slide.

To reduce risk of serious injury or death, follow these rules:

IMPORTANT SAFETY INSTRUCTIONS READ AND FOLLOW ALL INSTRUCTIONS

- Inspect product on ground before and after each use.
- When using in swimming pools, stay clear of side walls, ladders, diving boards, and other obstructions. Always be aware of water depth.
- Do not use the sprinkler feature in the winter.
- Do not tow this product.
- This product is not a lifesaving device.

RELEASE OF LIABILITY:

By assembling and inflating this product, you agree that you have read and understand the entire Sportsstuff's product manual, including all instructions and warnings contained in that material prior to using this product. You additionally agree that you will ensure any additional or subsequent users of this product will read and understand the entire owner's manual. Misuse or improper use of this product could result in risks, dangers and hazards which may result in serious injury or death. The risks and dangers that may be encountered through the improper use of this product can be avoided by reading and following the warning guidelines listed within the owner's manual and by proper use of this product. Your assembly and use of this product shall be evidence of your agreement, to the fullest extent permitted by law, to properly follow the instructions and abide by the warnings set forth within the product manual. Your assembly and use of this product shall also constitute a release, to the extent permitted by law, by you and by any third party permitted by you to use, in any manner, this product, to Sportsstuff from any and all liability for any loss, damage, injury and/or expense that you or any user of this product may suffer as a result of the use of this product. This release shall extend to any loss, damage, injury or expense due to any cause whatsoever, including negligence or breach of contract on the part of Sportsstuff and/or any party participating in the design and/or manufacture of this product. The terms of this release shall be effective and binding upon you, your heirs, next of kin, executors, administrators, assigns and representatives. Your assembly and use of this product shall constitute your agreement to assume and accept any or all known or unknown risks of injury to you and/or to third parties through the use of this product. Sportsstuff and related parties have not made and hereby expressly deny any oral or written representation and/or warranty, including warranty for a particular purpose, other than what is set forth herein and in the Sportsstuff's owners manual.

Congratulations on your new product purchase! Sportsstuff prides itself in making the most innovative inflatable products on the planet. Your high performance product is designed to enhance your outdoor water activities.

The Super Slope features:

- Double-Stitched PVC Tarpaulin Full Cover with Zipper
- Heavy-Gauge PVC Bladder
- P.U. Fabric Coating
- Double-Webbing Ladder
- Built-In Sprinkler System
- 4 Air Chambers
- Mesh Side Walls with Port Hole
- Speed Valves
- EZ-Lock Speed Valves

* Please note this product is not a towable.

ASSEMBLY:

1. Remove product from box.
2. Read all warnings and included manuals.
3. Carefully unfold in a large enough area to accomodate the product once fully inflated.
4. Inflate each portion until firm and sturdy, starting with the slide, followed by the slide sidewalls. Refer to the following Inflation section for proper inflation instructions.

USE:

When your product is properly inflated, it may be positioned on grass, dirt, pool-side, in at least 8 feet of water or on a beach setting. We strongly suggest that you position the product safely on the ground or water before each use. Please inspect the product before and after each use.

INFLATION:

Your Sportsstuff product is equipped with one or more of the following types of valves:

Safety Valve – push-in valve used on safety chambers for use with electric or hand pump. Affix the end of your inflator hose into the small opening in valve. Make sure you open the small flap inside the opening and inflate until firm. A small plastic straw is included with tubes using this valve. This straw may temporarily be inserted in the valve to keep the flap open while inflating and deflating.

Raised Speed Valve – for use with standard electric pump, shop vac, wet vac, leaf blowers, vacuum with a 2-way switch for fast inflation / deflation.

EZ Lock Valve - Sits flush with the tube bladder, with locking lid. for use with standard electric pumps, shop vac, wet vac, leaf blowers, or any vacuum with a 2-way switch for fast inflation/deflation.

Speed Safety Valve - A hybrid valve utilizing the best of both the Oversized Safety Valve and the Speed Valve. Pulls out for fast inflation/deflation, then can be pushed in flush with the tube. For use with standard electric pumps, shop vac, wet vac, leaf blowers, and vacuums with a 2-way switch for fast inflation/deflation.

Proper inflation is the key to the optimum performance of this product. The tube is designed to be inflated until very firm and sturdy.

Secure the valve by firmly inserting the bottom portion of the valve into the base. To inflate, open only the top portion of the valve. Using the hose from your inflator, inflate through the top opening of the valve.

The best air pumps to use are:

- 110v electric: 2.5 psi (model #57-1509) or 3.0 psi (model #57-1508)
- Hand/foot pump specifically for towables: LP1 (model #57-1003)
- 12v pumps (model #57-1510) can also be used but their maximum output is only .8 psi so a secondary pump such as the Sportsstuff LP1 hand pump (model #57-1003) will need to be used.
- Leaf Blower
- Vacuum with two-way switch

Various types of air pumps are available from Sportsstuff at 1-888-814-8833.

WARNING! GENERAL USE AND SAFETY:

- When using a Sportsstuff product, you are engaging in an exciting recreational activity that can result in injury if this product is not used properly. Act responsibly and only use your product with the awareness of and willingness to accept the risks involved.
- Read all instructions and warnings provided to you in this owner's manual and those printed on the product. Do not discard this manual.
- This product may only be used by 1 person at a time. Do not exceed this recommendation or it may result in injury.
- Maintain a clear area around the slide at all times!
- Secure the slide against unauthorized and unsupervised use.
- Tether the product to a secure object after each use to avoid drifting wind gusts.
- Do not attempt somersaults. Landing on the neck or head can cause serious injury, paralysis or death.
- Do not partake in or attempt aerial acrobatics that involve twists, diving, flips, or somersaults.
- This product is not a towable. Do not tow this product or any of its components with anyone on it! This product can be pulled in the water **ONLY** to reach a desired location **without exceeding 5 mph**.
- Do not use this product if it is damaged or leaking air.
- Only use in 8 feet of water or more and a safe distance away from boats and personal watercraft, docks, pilings, bridges and other hazardous objects.
- Remove debris or obstructions under the slide. Do not use in unsafe waters.
- Warning: Not a Lifesaving Device. Never Leave Children Unattended. Use Only Under Competent Supervision.
- Do not drag across land or any abrasive surface. Carry the product to the water. This may take several people to lift and carry the product. Do not attempt to lift this product by yourself.
- This product must be inflated on land. Do not inflate this product in or near water or if the product is wet.

- This product is not to be used by non-swimmers without a personal flotation device. **IF YOU ARE A NON-SWIMMER, USE A USCG APPROVED LIFE VEST!**
- Users of the product must exercise caution and common sense at all times. Use at your own risk.
- As in any recreational activity, reckless use, misuse, inexperience and/or neglect of the proper equipment used may result in serious injury or death.
- This product is **NOT** for use by children under 6 years of age. Children 6 years and older should only use this product under competent supervision.
- Sportsstuff products are **NOT** for rental use.
- Do not consume alcohol or other drugs while using this product. Even small quantities of alcohol and other drugs can impair judgment, balance, and coordination which can greatly affect one's performance.
- Be conscious of the weather conditions as weather changes can occur very quickly.
- Check with your state or local government to learn their specific legal requirements concerning watersports.
- Please have the appropriate emergency phone numbers ready along with medical supplies and an emergency kit in case of an injury.
- Do not slide down head-first
- Do not use without wetting the slide surface. Sliding on the slide surface when dry may cause burns to the skin.
- Do not use on pavement or other hard surfaces.
- Do not use on land surfaces other than smooth, flat area cleared of rocks, sticks, and other debris.
- When using near a swimming pool, stay clear of sidewalls, ladders, and diving boards. Always be aware of water depth.

MAINTENANCE:

Very little care is required for the bladder. You may clean your product using soap and water or mild detergent. Never use talcum powder or strong solvents. The product, when clean and dry, can be deflated and stored in a cool, dry area out of direct sunlight. To deflate, simply unfasten the entire valve from the base. Avoid storing this product in areas of extreme temperatures and please take precautions against animals and rodents.

GENERAL TROUBLE SHOOTING GUIDE:

Symptom: Product won't hold air.

Solution: Check to see if the product was inflated fully from the beginning. If you suspect it wasn't inflated fully, add more air. PVC Repair Adhesive is available from Sportsstuff at www.sportsstuff.com or 888-814-8833 for small hole or seam repairs.

Symptom: Product inflates but doesn't become firm.

Solution: Please check to make sure it was inflated firmly with a high volume air pump. If you are sure you inflated it properly, fully assess it for a leak or re-install the valve. If a leak is detected, the bladder may be patched by using Sportsstuff PVC Adhesive which can be purchased directly from Sportsstuff.

Symptom: Cover is very loose (Applies only to products with covers).

Solution: Please check to make sure that your product is inflated fully and the tube is in place. The cover should fit snugly over the well-inflated tube. If the cover remains loose, add more air.

WARRANTY POLICY:**(USA ONLY.)**

Sportsstuff warrants, to the original purchaser only, that their high performance products, when used for normal recreational purposes, are free from defects in material and workmanship for a period of ninety (90) days from the date of purchase.
